FELF MAGICAL ELF TREAT BAG

Ideal For: Party Favors, Secret Santa Gifts, a little present from your Elf and more!

SUPPLIES NEEDED

- Red, Light Pink & White Stiff Felt (found at local crafts stores like Micheals or Hobby Lobby)
- Dark Brown Soft Felt
- Hot Glue
- Scissors
- A little bit of blush (for cheeks)

DIRECTIONS:

1. Print and cut Free ELF TREAT BAG TEMPLATE

2. Cut out all felt pieces (I put double-sided tape on all my pattern pieces. Then I place pattern on felt and cut around. It is easier than tracing patterns, and leaves no pen marks)

3. Once pieces are cut, using a little bit of blush, darken the light pink cheeks to a soft rosy color.

4. Glue front face pieces on, including hair and collar to front head.

5. Glue front hat together, and then glue front hat onto front hair/head. (place on head, just like graphic sample on pattern - it should overlap the left ear slightly)

6. Back head: Glue collar to head (they should be reversed, so the head and collar are in the same direction as the front), then glue on hair and then hat with white trim. You can refer to the graphic elf for approximate placemet.

To construct bag:

7. Once both front and back heads are assembled, glue band (on it's side) along the curve of the front face, allowing it to extend into the hat area. (When gluing it along the faceline, leave about 1/8"-1/4" of edge, so the band is hidden behind the face.

8. Next attach base to backside head, the same way - gluing along the curve of the face and hat.

9. Last, glue on the strap, 1/4" down inside each side of base strip.
